NOVAFLEX 

Connoisseurs Food and Beverage Hose Novaflex 6506

Special kink and crush-resistant suction and discharge hose meets 3-A, FDA, USDA, and Canadian Food Inspection Agency standards. Designed for demanding applications with temperature and chemical resistance. Features microbe-resistant tube on stainless steel mandrels for cleanliness in non-oily use.

Specifications: Tube: White Chlorobutyl (non oily applications). Reinforcement: Multiple plies of polyester tire cord & dual monofilament helix. Cover: Gray EPDM abrasion resistant. Temperature Range: -40°F (-40°C) to +240°F (+116°C) (Cleaning In Place to 248°F (+120°C)) Not for continuous steam service. Full Vac (HG) and WP 250 PSI

Custom Hose Fittings: JOHN PERRY, BEVEL SEAT, Q-LINE, I-LINE, TRI-CLAMP®, BUTT-WELD, SMS, DIN, NPT, and CAMLOCK.

NOVAFLEX 

UHMW Tube Food Suction and Discharge Hose Novaflex 6403

Ideal for specialized applications, this rubber hose offers a smooth, easily cleanable surface. With a flexible design and white FDA-approved ultra-high molecular weight polyethylene grade tube, it's perfect for food transfer. Built on stainless steel mandrels for cleanliness, its ultra-smooth, microbe-resistant tube ensures hygiene.

Specifications: Tube: FDA UHMW - odor and tasteless. Reinforcement: Multiple plies of polyester tire cord with helix wire. Cover: Gray EPDM. Temperature Range: -40°F to +225°F (Cleaning In Place to 248°F). Not for steam service. Can be open end steam cleaned.

NOW OFFERING HOSE SUPPORTS

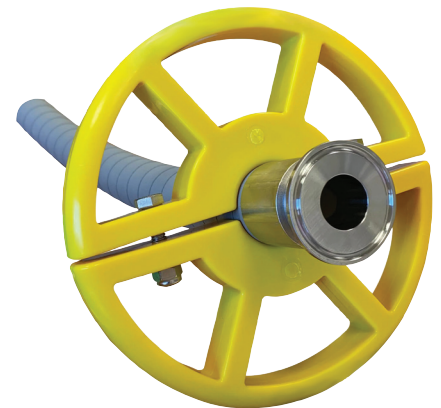

Hose support system with a 2 Piece Design

Hose Supports

Introducing a Hose Support System! With a durable two-piece design and impact-resistant thermoplastic, it's lightweight yet tough. The safety yellow assembly easily bolts over hoses or stainless steel piping, lifting them off the floor to minimize wear and tear, maintain cleanliness, and protect sanitary connections. During washdown, it prevents damming, promoting efficient drainage and inhibiting bacterial growth. Its safety-focused design, featuring an easy-to-grab handle and high-visibility yellow coating, ensures a safer workplace. Experience the reliability and convenience of this hose support today!

MATERIAL AVAILABLE: High Impact/Abrasion Resistant HDPE Thermo Plastic

SIZES AVAILABLE: Designed to work with 1"-4" Hoses and Stainless Steel Piping Systems
