

# ALFA LAVAL LEAKAGE DETECTION BUTTERFLY VALVE

***PROTECT YOUR PRODUCT. MAXIMIZE EFFICIENCY.***

Ensure product integrity and prevent cross-contamination with the Alfa Laval Leakage Detection Butterfly Valve. Perfect for dairy, food, beverage, and personal care industries, this hygienic valve provides mixproof separation to safeguard your processes, all while cutting energy and maintenance costs.

## **Key Features:**

- Prevents Cross-Contamination – Protect your product from unwanted mixing
- Hygienic Design – Fully CIP-able, ensuring maximum uptime and hygiene.
- Cost Efficiency – Reduced energy consumption, lower maintenance, and operating costs.
- Smart Monitoring – Integrated Alfa Laval ThinkTop control for real-time diagnostics and performance.

## **Benefits:**

- Boosts reliability and safety
- Maximizes productivity with minimal downtime
- Withstands the toughest processing conditions

**Elevate your process performance – Choose the Alfa Laval Leakage Detection Butterfly Valve for precise, efficient control in the most demanding hygienic applications.**

**Contact us to learn how this high-performance valve can streamline your operations and boost your bottom line.**
